A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings blue. Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put out for sale through druggists for the purpose of curing neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has the name of honesty on every bottle wrapper, in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Contract advertisers will not be allowed to exceed their space unless the excess is paid for at transient rates, and under no circumstances will they be allowed to advertise more than their legitimate business in the space contracted for.

Marriage and death notices must be paid for in advance. Resolutions in memoriam, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will not be printed in the paper as advertisements.

Colored Soldiers to be Removed. The War Department has decided to remove the colored regiment, the Twenty-fifth Infantry, now stationed at Brownsville, Tex., and replace it by a white company. This will relieve the cause of friction which has been agitating the people of that city for some days past.

General Ainsworth, acting secretary of war, yesterday received a report of the recent disturbance from Major C. W. Penrose, commanding the regiment, and at once sent a dispatch ordering the removal of the regiment.

The order for the removal of the colored troops met the approval of the President.

Of the attitude of the citizens of Brownsville toward the negro soldiers, Major Penrose says:

"That the enlisted men have been subjected to indignities since their arrival here there can be no doubt, and this has caused a good deal of feeling among them. The one case to which I attribute this outbreak I will make the subject of an official report as soon as John W. Vann, the collector of customs, returns to the city."

Major Penrose then outlines briefly the case in question. Privates Newton and Lipscomb were passing along a walk on August 5 where some women were standing engaged in conversation with a man named Tate, who is employed in the customs office. The negro privates walked, single file, between the woman and a fence. Tate knocked Newton down with the butt of a revolver, and is reported to have said, "I'll learn you to get off the sidewalk when there is a party of ladies on the walk."

When Newton rose Tate is said to have covered him with the revolver, commanding, "Damn you, leave, or I will blow your brains out." This account of the affair is corroborated by Lipscomb.

Major Penrose sought an official investigation of the affair, but as the collector of customs, Mr. Vann, is out of the city, it has not been possible to have the affair looked into.

Tartars and Russians Fight. Advice received at St. Petersburg, yesterday, from the southwestern section of the Caucasus show that the fighting in the district bordering on the Persian frontier has now assumed the dignity of a regular war, with daily engagements, resulting in heavy losses, both to the Tartars and to the Russian troops, who are the chief belligerents, and with all the features of a formal campaign.

The Armenians chiefly figure as the victims, being unable to wage even a successful defense against the well-armed Tartars, who are organized and trained on military lines, and do not fear to meet the Russian forces in open fight when the latter are not accompanied by the artillery at the disposal of Colonel Verera, the Russian commander.

The Tartars forces are steadily increasing, being, it is supposed, reinforced by Kurds from beyond the frontier.

The Council of National defense yesterday adopted a project for the more stringent punishment of persons refusing military service, providing for their enrollment in disciplinary battalions or imprisonment at hard labor for from four to eight years. Though ostensibly aimed at those who decline to serve on the ground of religious principle, such as Doukhobors and Molokhans, it can also be turned against those attempting to obey the behest of the Viborg manifesto.

The project will be presented to the Emperor for his signature as a temporary measure during the recess of parliament.

Throughout the whole of the Russian pale yesterday was observed as a day of fasting and prayer for deliverance from future pogroms. The Jewish communities of other cities joined in services of prayer to avert the slaughter of their coreligionists in the danger zone.

Billion-Dollar Congress. According to a statement issued yesterday by Thomas P. Cleaves and James C. Courts, chief clerks, respectively, of the Senate and House committees on appropriations, Congress at its last session appropriated for the fiscal year 1907 nearly a billion dollars. The exact amount is \$879,589,185.16, representing an increase of \$59,404,550.20 over the sum appropriated at the last session of the fifty-eighth Congress for 1906. The largest item is contained in the appropriation for the Postoffice Department, the amount allotted being \$191,895,998.75.

The next largest sum was given for pensions, the money appropriated amounting to \$140,245,500, or nearly as much as was allowed for the support of the army, and over forty millions more than was granted for the naval establishment.

Of the net increase of \$59,404,550.20 over 1906, it is stated, \$42,447,201.03 was for the isthmian canal, the balance being accounted for through the appropriations for the carrying out of the

He Was in Trouble. "I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Goodloe, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25c at E. S. Leadbeater & Sons' drug store.

Nervous Women

Their Sufferings Are Usually Due to Female Disorders Perhaps Unsuspected

A MEDICINE THAT CURES

Can we dispute the well-known fact that American women are nervous? How often do we hear the expression, "I am so nervous, it seems as if I should fly," or, "Don't speak to me." Little things annoy you and make you irritable; you can't sleep, you are unable to quietly and calmly perform your daily tasks or care for your children.

The relation of the nerves and generative organs in woman is so close that nine-tenths of the nervous prostration, nervous debility, the blues, sleeplessness and nervous irritability arise from some derangement of the organism which makes her a woman. Fits of depression or restlessness and irritability; spirits easily affected, so that one minute she laughs, the next minute weeps; pain in the abdominal region and between the shoulders; loss of voice; nervous dyspepsia; a tendency to cry at the least provocation—all these point to nervous prostration.

Nothing will relieve this distressing condition and prevent months of prostration and suffering so surely as Lydia E. Pinkham's Vegetable Compound.

Mrs. M. E. Shotwell, of 103 Flatbush Avenue, Brooklyn, N. Y., writes:

"I cannot express the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite. I could not sleep and would walk the floor almost every night."

"I had three doctors and got no better, and life was a burden. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it has worked wonders for me. I am a well woman, my nervousness is all gone and my friends say I look ten years younger."

Will not the volumes of letters from women made strong by Lydia E. Pinkham's Vegetable Compound convince all women of its virtues? Surely you cannot wish to remain sick, weak and discouraged, exhausted each day, when you can be as easily cured as other women.

meat inspection law, the continuance of contracts for river and harbor work, the reorganization of the diplomatic and consular service and the extension of the rural free delivery service.

A fight took place yesterday morning on the steamer Annapolis, which was carrying about 1,000 excursionists from Havre-de-Grace and Port Deposit to Annapolis, Md., during which Walter Gordon, of Wilmington, Del., was badly cut across the abdomen with a razor and three others were more or less injured.

Walter Larue, of Havre-de-Grace, is alleged to have done the cutting, and is now lodged in Annapolis jail to await the result of Gordon's injuries. The fight took place in the dining saloon of the steamer. Many persons were engaged, and it is said that Gordon essayed the role of peacemaker. He was almost disemboweled, and is in a critical condition at the Annapolis Emergency Hospital. William Herbert, of Havre-de-Grace, was badly cut on the head and face by being struck by a bottle, and two others were somewhat injured in the same way.
